NAME CHANGE

In the Spring of 2023 with the blessings of our founders, Marty and Randy Owens, the Board of Directors passed a Resolution to embark on a name change for Randy and Friends. We reflected on our Associates as unique men and women who aspire to grow and develop, and how the organization nurtures and supports that growth. We were inspired by Genesis 1:11 where God saw that it was good that the land bears fruit with seed in it, according to their various kinds. We confirmed that our program is designed to sow seeds of opportunity for our Associates to blossom as unique, valued and contributing citizens, building a more inclusive community. We are proud to invite our community to continue with unwavering support of our faith-based nonprofit organization as we go forward with the new name:

Bloom Enterprises of Georgia, Inc.

GRATEFUL FOR THE GRANT

We are proud to be a recipient of an award from the **North Georgia Community Foundation's Discretionary Grant** funds. In fall 2024 it became essential to upgrade our restroom equipment to better accommodate the varying needs of the men and women we serve. This grant program allowed us to express a need and then gain necessary resources to meet that need in a timeline that was "real time" for our agency!! Bloom Enterprises has a grateful spirit for this good work and good will extended to our nonprofit by the North Georgia Community Foundation.
